

Transmission Losses for July-2006

% Transmission Losses =
$$\frac{\text{Energy Injected in Network} - \text{Energy supplied to Discoms} \times 100}{\text{Energy Injected in Network}}$$

=
$$\frac{(3621322.97 - 3493304.81) \times 100}{3621322.97}$$

= **3.54**
