

## Transmission Losses for October-2006

% Transmission Losses =  $\frac{\text{Energy Injected in Network} - \text{Energy supplied to Discoms} \times 100}{\text{Energy Injected in Network}}$

=  $\frac{(5030756.74 - 4786634.13) \times 100}{5030756.74}$

= **4.85**

	4786634.13
<b>244122.62</b>	5030756.74
